

COVID-19 BIRTHING VISITOR POLICY

DON'T VISIT

If you're sick, have a fever or a confirmed case of COVID-19, you cannot visit or accompany a patient. Contact Department of Health at 340-712-6699.

MUST WASH HANDS

Visitors must wash their hands (or use sanitizer) before entering and after leaving rooms and hospital buildings.

VISITORS ARE LIMITED

Patients may have 1 visitor with them during the birth and postpartum period; there is no ability to switch out to allow another person to visit. No visitors under the age of 18 or over the age of 65 will be allowed. Persons with any immunocompromise (including pregnancy) will not be allowed.

LIMIT PERSONAL ITEMS

Visitors should limit personal items such as purses, backpacks, jackets or sweaters into the patient room to one (1) bag. Cell phones may be brought in specifically to allow the patient to contact supportive family/friends, unless patient is intubated.

SPECIAL EXCEPTIONS

Visitors can speak with the Clinical Care Coordinator about exceptions and special circumstances.

FOLLOW ALL SAFETY REQUIREMENTS

Visitors will have their temperature taken. Visitors will also be trained on ensuring a safe visit as we evolve.

Thank you for helping us to protect each other.
